

## PRODUCTION

Our in-house offset unit protection, handling, storage, efficiency in materials, logistics, through to on-shelf presentation. All these technical aspects are considered by us when developing your packaging. We recognize the importance of providing customers with a comprehensive framework of support throughout the production process – we're here with you from start to finish:

## SUPERIOR PACKAGING

For over 20 years we have been designing and manufacturing the highest quality custom printed packaging. We support our customers at every stage of development, production and logistics to deliver unprecedented levels of service and value.

## PACKAGING DESIGN

The structural design team at Canaan press are adept at crafting innovative cartons. Utilizing the very latest technologies we create tailored prototypes to suit the varied needs of our customers products.

## PREPRESS

Our state-of-the-art studio supports our customer's pre-production requirements. We provide colour management, proofs, computer-to-plate (CTP).

## PRINTING

Our offset lithographic printing machines, complete with inline technologies for up to Five colour printing, UV or conventional varnishes, foiling, and inline application of multiple coatings, offer our customers the highest printing quality available. Our highly skilled and experienced print operatives are all relentless in their quest for print perfection.

## CUT AND CREASE WITH EMOSS

We offer precision accuracy for the cutting and creasing with Emboss involved in carton manufacturing, even for the most demanding of carton profiles. Our in-house abilities to design and produce cutting dies is complemented by our relationships with the leading die makers.

## FOLDING & GLUING

Our innovative, high speed Folding and gluing lines feature significant levels of automation throughout the entire process. The multi-point and multi-directional gluing capabilities offer greater flexibility for different packaging sizes and styles.

## FINISHING

We offer a vast range of print finishes, from hot and cold foiling through to varnishing, laminating and dripp off coating. Our continuous investments ensures we remain at the forefront of new and exciting, innovative print finishing.

## ABOUT US

Canaan Press based in Chennai is a professional Printing Press established in 1992. Our Press occupies a total area of approximately 15,000 sq. ft. in the heart of city. We are one of the leading & reputed printing companies in Chennai. Our emphasis on Quality, cost-effectiveness and Customer Service is a strong reason why we are the leaders in printing solutions. We provide a combination of Technology and Expertise in producing high quality work at economical costs.

Our mission & vision is to provide high quality work on time in a cost effective way.

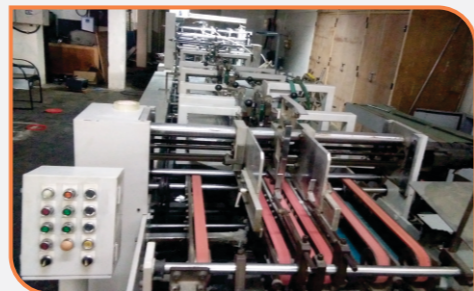

## OUR INFRASTRUCTURE & FACILITIES

Our Infrastructure is the backbone of our business. We have a dedicated Graphic Design team for visualizing, design and complete layout work. We also have a strong data backup platform to enable storage of all work that we do.

We have a team of trained and highly experienced machine operators and support staff to ensure that the quality of work is maintained. Our machines are also taken care by specialized technicians to ensure that there is no breakdowns. We have the infrastructure to run 24 hours and a shift system to ensure that trained staff are available at all times.
